

Nestor Campaign Committee announces the Launch of the Nestor4Ward Website

The Committee to Elect Jim Nestor Ward 4 Councillor announces the launch of the campaign's new website, www.Nestor4ward.com. This informational website will allow the residents of Ward 4 to learn more about the campaign inform Jim Nestor of their concerns and issues that are most important to them, and to become involved with the campaign committee. It will also act as a resource that residents can use to link to many city and state services and programs.

Jim Nestor stated, "As I have been speaking with the residents of Ward 4, one constant theme I hear is the lack of communication with issues within the ward. I am confident that by adding a website to our campaign it will allow us to begin a dialogue with even more residents of the Ward on the issues that affect their quality of life. I am looking forward to expanding

the site with more links and information that will help keep the residents of the Ward up to date on important events in Ward 4 and the City."

The committee urges any resident or organization who

would like to add information or a link to the site to submit it to the committee via the www.Nestor4ward.com website or email the committee at Nestor4ward@aol.com.
